

## SENSE

ANT+ Radio  
Wireless Scale

## MEASURE

**"PLUG & PLAY"**

■ Plugs into any 120V wall outlet

## COMMUNICATE

WiFi Device:  
Personal Computer  
iPhone  
iPad

### Tanita Wi-Fi Network Adapter

The adapter allows any device with WiFi and a web browser, such as Apple's iPhone, iPod Touch, iPad, or a WiFi equipped computer to communicate with a Tanita ANT+ enabled radio wireless scale. Results can then be viewed on the Tanita online server (MyTanita.com). Increases the range of ANT+ enabled products from 30' to 300'!

#### Ability to transmit the following measurements:

■ Weight	Works With*:
■ Body fat %	BC-1000 Plus
■ Body water %	BC-1500 (Including segmental measurements)
■ Muscle mass	HD-351ANT
■ Physique rating	BF-2000
■ Daily caloric intake (DCI)	BC-1100F
■ Metabolic age	HD-400F
