

BC-730F

BODY COMPOSITION MONITOR

Compact lightweight design

9 full-body measurements

Auto user recognition

5 person memory

Comes in 4 colors

The BC-730F is super compact and lightweight with an easy-to-read display. It has an auto-recognition feature so after you have programmed your details, the monitor will recognize you each time you step on, shortening the measurement time to a few seconds. Providing 9 full-body measurements, the BC-730F is the perfect monitor for those with limited space, as well as a travel companion for those who want to track their body composition away from home.
