just step on**

Tanita digital bathroom scales are known for accuracy, reliable performance, and unique features. The sleek yet accurate HD-662 digital weight scale features a modern design using a matt-finish that keeps it looking fresh. This scale offers a weight capacity of 330 pounds, and an extra-large 2.0" blue-backlit LCD display; easy to read in any lighting environment. And it couldn't be simpler to operate, stand on the scale and see your weight.

The clean styling of the HD-662 is available in either a white or black design, complementing many different decors. Consistent results are achieved time and time again when using this scale, an attribute of all Tanita weighing products. Designed and manufactured by Tanita in Japan, alongside medical grade scales sold to physicians and hospitals around the world. Operates on two AA batteries (included) that last well beyond 2 years.
