

Tanita Health Ware™

PROFESSIONAL SOFTWARE

Tanita's PC software interfaces directly with all Tanita professional body composition analyzers and scales with outputs to provide custom data recording, tracking, and analysis. Data can also be automatically sent to your Microsoft® HealthVault™ or MyTanita account. Unlimited number of users, with enhanced user management features. Data can be exported to Excel or .CSV files, perfect for EMR integration (Not compatible with Mac OS). Technical support included.

Sense → Measure → Communicate
