WB-800Hplus
DIGITAL SCALE WITH BMI FUNCTION

The WB-800H*plus* scale is perfect for those instances where absolute measurement of weight gain or loss is a necessity. This incredibly durable, yet portable, professional grade scale is perfect for any busy practice, gym or clinic. Features an extended capacity and **oversized low-profile platform**, with instant-on activation of digital weight and BMI to accommodate a wide range of clients and patients with fast, accurate results on a jumbo LED display. With an integrated stadiometer on column mounted display provides efficient measurement of height, suitable for both children and adults. Includes rotating display and platform castors. The RS-232 and USB outputs provide straight-forward digital data for EMR integration.
