LCD display

## ***WB-800Splus***

### ***DIGITAL SCALE WITH BMI FUNCTION***

The WB-800Splus scale is perfect for those instances where absolute measurement of weight gain or loss is a necessity. This incredibly durable, yet portable, professional grade scale is perfect for any busy practice, gym or clinic. Features an extended capacity and **oversized low-profile platform**, with instant-on activation of digital weight and BMI to accommodate a wide range of clients and patients with fast, accurate results. Separate jumbo LED display and movable platform makes this product perfect for those patients requiring a little more room, such as pregnant moms and larger patients. The RS-232 and USB outputs provide straight-forward digital data for EMR integration.
